

THE LAWRENTIAN

VOL. XLIV. Number 38.

LAWRENCE COLLEGE, APPLETON, WIS.

Tuesday, March 8, 1927

Mace Chooses
Nine Seniors
Four Juniors

Briese, McConnell, Fink, Sund, Heideman, Neidert, Engler, Ott, Verhage Are Honored

Five seniors, Harold Briese, Palmer McConnell, Ray Fink, Roy Sund, and Walter Heideman, and four juniors, George Neidert, Carl Engler, William Verhage, and Elmer Ott have been awarded one of the highest honors which can come to a Lawrence man, that of election to Mace, local men's honorary fraternity.

Election to Mace is based upon all-around ability and outstanding accomplishment along certain lines of campus activity. Qualifications for membership are four-fold: first, a high standard of scholarship as evidenced by an average of at least 86; second, physical fitness to take the prescribed work in athletics, as evidenced by participation in athletic competition; third, moral character as shown by leadership in the religious activities of the campus; and fourth, qualities of leadership evidenced in the holding of campus offices and the participation in campus activities. Mace stresses those qualities which seem to be the best indication of future success in life.

Five of the men have made outstanding records in athletics in addition to maintaining a high level of scholarship. Briese, captain of two varsity teams, Heideman, the only four-letter man in school, and Sund, a three letter man in basketball, have earned exceptional reputations in athletics. McConnell, high-point man of the track team for two seasons, has been treasurer and is now president of his class. Ott, a varsity football man, is president of the Y.M.C.A. for next year. Fink, president of the Forensic board, and Verhage, winner of the state oratorical contest, have been prominent in debate and oratory. Neidert and Engler, business manager and editor of the 1928 Ariel have been especially active in campus activities, and Neidert is treasurer of the All-College club.

Gordon Clapp is the president of Mace, and Harry Snyder is secretary-treasurer. They were elected during their junior year.

New England, Italy,
Spain and France
At W.S.G.A. Party

Gay Italians, romantic gypsies, demure colonial ladies, and wild Apache dancers frolicked together in the Ormsby parlors Saturday evening at the W.S.G.A. costume party.

The Brookaw orchestra furnished the music for this heterogeneous crowd composed of more than one hundred Lawrence girls.

Helen Griffiths, '27, was awarded first prize, and Henrietta Bourhaus, '30, second. Miss Lorenz and Miss Fretts officiated as judges.

Hardt Will Speak To
Wausau Alumni Club

Dan A. Hardt, '26, will be the speaker at the annual banquet of the Wausau Lawrence Alumni club, which is to be held in the Hotel Wausau this evening. Anders P. Andersen, alumni secretary, is expected to accompany Hardt.

Hardt will also hold conferences with seniors of the Wausau high school who are interested in college work. Last Thursday he spoke on "College Work" to the assembly of the Oshkosh high school.

To Speak About China

Professor E. L. Ford will speak on "China's Foreign Affairs" at the meeting of the International Relations club which will be held in room 14, Main hall, Wednesday evening, March 9.

Dr. Jones Addresses
Monday Convocation

"During the Lenten season may we not shift the activity of college life a little and consider the soul and its eternal destiny?" said Dr. D. C. Jones of the Neenah Presbyterian church in an address at chapel Monday.

Dr. Jones spoke of three sins which should be avoided. "First, there is the sin of laziness. Second, there is the sin of short cuts by which we hope to attain success. Third, there is the sin of the spectacular and sensational by which we tend to become superficial."

Lawrence Alumnus
Donates Paintings
Of Famous Artists

Works of Rembrandt, Corot, Rafael and Velasquez Given by H. E. Miles

Four oil paintings, the work of world-famous artists, have been given to Lawrence college by one of the institution's most prominent graduates, H. E. Miles of Los Angeles, California. One of the paintings is a Rembrandt, one a Corot, another a copy of the famous Sistine Madonna of Rafael, and the fourth a Maria Theresa by Velasquez.

The Sistine Madonna, according to Miss Anna Tarr, librarian, will probably hang in Russell Sage dormitory, while the Velasquez will be put on exhibition at the library. Definite disposition has not as yet been made of the Rembrandt or the Corot.

Mr. Miles, a graduate of Lawrence in 1882, is a nationally known member of the Republican party, and at one time was vice president of the United States Chamber of Commerce. He formerly made his home in Waukegan, Wisconsin.

Dr. Wriston Returns
From Eastern Tour

Following a ten day trip that covered several Eastern states, Dr. H. M. Wriston returned to Appleton Sunday evening. After addressing a Lawrence alumni club in Minneapolis, and speaking to the annual convention of the Minnesota D.A.R., Dr. Wriston went directly to Albany, N. Y., where he visited his brother, George W. Wriston, the sales manager of an Albany bond house.

After a visit with Mrs. Wriston's parents in Springfield, Mass., the president went to Middletown, Conn., where he spoke to the Wesleyan students on "Freedom". Business for the college was transacted in Hartford, New Haven and in New York. Dr. Wriston spent Tuesday morning in Philadelphia, and in the evening was back in New York to address a meeting of the New York Lawrence alumni association, at the Town Hall club. The president considered the meeting the best alumni meeting of any college at any time that he had ever seen.

About thirty former Lawrentians attended the New York meeting, and each gave a brief talk on their experiences in, and since leaving school. The Lawrence president characterized the meeting as "a striking demonstration of loyalty to the institution."

On Wednesday and Thursday of last week college business was handled by Dr. Wriston in New York, and on Thursday afternoon he went to New Haven. After a short visit in Boston, he spent the day at Harvard university, and in the evening addressed the Boston alumni club, consisting of about fifteen graduates of Lawrence, who met in the New University club building.

After visiting his parents in Boston, Dr. Wriston took a late train on Saturday for Appleton.

Eleanor Mason, '30, and Luzern Livingston, '29, are confined to the infirmary with sore throats.

Dr. Crane To
Lecture Here
March 15-16

Famous Lecturer Will Deliver Eight Addresses in Memorial Chapel

Eight addresses before Lawrence and Appleton audiences will be given here by Dr. Henry Hitt Crane of Malden, Mass., internationally known lecturer, who will be in Appleton for four days, March 15, 16, 17 and 18. Four talks will be given in convocation, the period being extended to an hour for three days, and four evening addresses will be delivered in the Memorial Chapel. Dr. Crane's topics have not yet been announced.

The lecturer is pastor of the Central Methodist church in Malden, Massachusetts, and has recently addressed college audiences at Southern California and DePauw universities. Dr. Crane is a very young man, and while in college was manager of the football eleven, a member of the basketball team, and prominent in dramatic work.

It was necessary to apply eighteen months in advance before Dr. Crane could be secured to speak at Lawrence, it is said, as he is regarded as one of the most effective college speakers in the country. Dr. Crane receives a ten weeks' leave of absence from his parish each year in order to take care of his lecture engagements.

Campus Club Gives
Fruit To Infirmary

A shower of jellies, fruits, and other delicacies for the sick room was contributed to the infirmary by those who attended the Campus club tea at Ormsby last Saturday afternoon. About eighty people, including faculty, trustees, and their wives were present at the club meeting.

Special Lawrentian Meeting

A reorganization of the Lawrentian staff will take place at the regular meeting Thursday night. Every reporter and department head is expected to be present at eight o'clock.

Trevor Speaks To Men's Club

Dr. A. A. Trevor spoke before the Men's club of the Plymouth Congregational church of Fond du Lac last Thursday evening. The subject of his address was "Present Problems in Mexico."

Dr. Baker To
Direct Grade
School Opera

Grade and Junior High Students To Present Operetta At Chapel

A musical demonstration, directed by Prof. Louis C. Baker, will be given at Lawrence Memorial chapel by students of the grade and junior high schools of Appleton on Wednesday and Thursday evenings of this week. Professor Baker is the supervisor of public school music and is also a member of the Lawrence conservatory faculty.

Two hundred children from the fifth and sixth grades will give the operetta "The Childhood of Hiawatha" on both evenings. The operetta is written for two parts, soprano and alto, and will be given in costume.

Methods of teaching music in the grades will be demonstrated with actual classroom equipment.

Teaching piano in classes will also be demonstrated.

A chorus of 160 girls from the junior high schools will sing three songs composed by Miss Irene Bidwell, assistant supervisor, who graduated from Lawrence conservatory in 1924. Miss Bidwell is well known in local music circles for her composition and musical direction.

Boy choruses from the junior high schools will compete for honors, and a cup will be presented to the winning group.

Rogers' Ice Experiment
Featured In Article

An experiment carried out by Dr. W. E. Rogers, professor of botany, was described by Charles F. Talman in "Back and Ruin Follow the Ice Storm", an article recently published in the New York Times magazine. Professor Rogers determined the difference in the weight of an elm twig with and without its covering of ice.

Mr. Talman deals mainly with the disastrous effects of huge ice storms, and points out the enormous weight of ice which forms on trees. A large tree sometimes has a coating of ice weighing five tons, and the elm twig which Dr. Rogers examined weighed 132 times more with its icy envelope than without it. It was after the great storm of February, 1922, that Dr. Rogers made his observation.

Irmagarde Faber, '29, visited in Milwaukee over the week-end.

Briese and Heideman
On All-State Quint

Briese and Heideman were placed on a mythical all-state college cage quint selected last week by sports followers at Ripon college, winner of the Wisconsin-Illinois basketball title this season. Briese captained and was placed at forward on the first team, while Heideman was given a forward position on their second team.

Here is their choice:

First team	P	Second Team
Briese (L)	F	Heideman (L)
Halverson (R)	F	Bazal (C)
Lohr (R)	C	Kemphorn (C)
Schultze (C)	G	Coble (LF) C
Hauser (R)	G	Ure (R)

Ripon says of Briese, "By virtue of his speedy aggressiveness, Briese, Viking ace, was appointed captain. With Halverson as the other forward, they make the shiftest players in the middlewest."

Girls' Debate Teams
Close First Season
With Good Record

Dual Debate With Carroll College Is Final Event On Schedule

The Monmouth-Lawrence debate which was held last Thursday in the library auditorium proved to be a very evenly contested one. Lawrence supported the negative side of the question: "Resolved that the American jury system be abolished."

The Lawrence debaters were Ramona Fox, '28, Eunice Davis, '27, and Agnes Huberty, '28. William Verhage, '28, acted as chairman. Monmouth was represented by Jean Leidman, '27, Gertrude Miller, '29, and Grace Leandgren, '27.

A dual debate with Carroll will complete the girls' schedule for this year. On March 24 the affirmative team, Clara Miller, '29, Mildred Christman, '29, and Myrtle Ellis, '27, will meet Carroll at Chilton, while the negative team will travel to Waukesha.

Lawrentians Read
For Kiwanis Club

Ione Kreiss, '28, Viola Foster, '27, and John Robson, '28, will present a reading of Susan Gaspell's play, "Suppressed Desires" before the Appleton Kiwanis Club tomorrow noon.

The three are members of the dramatic art class, and the play is one which was studied and worked up for presentation as a part of the class work.

Blues Lose
And Win In
Final Games

Drop Game to Carroll, 34-19, But Win From Beloit 24-15

Lawrence closed its basketball season last Saturday night by dropping the final game to Carroll college, 34 to 19, at Waukesha. The game was featured by the usual long shots of the Carroll team during the final half. The score at the first half was 16 to 10.

Lawrence took an early lead at the start of the game which Carroll soon overtook and held until the start of the second half when a Lawrence spurt gave them a one point lead. Soon after, long shots by Bazal and Stacey put Carroll far into the lead.

Heideman kept on his scoring rampage of the past few games and his steady bombardment of the basket netted him three field goals and three free throws. Clarke, Grove, and Sund each made one basket.

Bazal did most of the Carroll scoring, caging five baskets and four free throws. He was followed by Stacey who caged four baskets and one free throw. This was Carroll's last game and Cap't Schultze and Stacey both closed their basketball careers as they are seniors.

This was the last game for the entire Lawrence team, as the first five are all seniors. Briese, Grove, Heideman, Sund, and Clarke all finish school in June.

Win At Beloit

After a slow start in the first half of the Beloit game Lawrence took a 10 to 9 lead and spurred ahead in the last half to win their second game of the week. The final score was 24 to 15 in the Blues' favor. This was the second game of the week that the Christophers had taken, as they had defeated Marquette on Tuesday.

Beloit was held to six points during the final half while Lawrence scored 14 points. Briese led the Blues in scoring with four baskets but was closely followed by Clark and Heideman, forwards. Clarke made three baskets and a free throw, and Heideman made two baskets and two free throws.

Garrigan and Vandolah led the Beloit team with three and two baskets respectively. This was Beloit's last game and it closed the cage careers for Capt. Vandolah, Rose, Garrigan, and Anderson, all Beloit seniors. Beloit's season was little short of disastrous as it included fifteen losses and one victory. The lone victory came over Knox last week.

"Spring Cleaning"
Holds Court In
College Museum

Found—more evidence that spring is just about the corner. Balmy breezes, walks that connote Venice, and restless, uneasy students who are not loth to leave their books behind—all are signs that the season is not far off, and who can doubt that it will soon be with us when he hears that spring housecleaning will be in progress this week at the museum in science hall!

Mops, dust cloths, brooms, Bon Ami, and Dutch Cleanser are not the chief utensils and implements for this annual work-out in the museum. Those who attempt a spring rejuvenation of that quarter are also armed with fumigators and preservative preparations. This year special attention is to be paid to the mountain lion, which is to be fumigated and treated for moths.

Helen Upham, '29, spent the week-end in Janesville and Beloit and attended the Lawrence-Beloit game Friday night.

Gradual Extension of Student Government

THINKING ABOUT THINKING

After a survey of a representative group of college newspapers we find that the four problems which come up for editorial comment most often are "What is Education", "Campus Politics", the "Honorary System", and "Deferred Rushing".

The first problem, "What is Education" comes up to bat most frequently, and it is being discussed thoroughly within and without the colleges and universities of the country.

The educational controversy grows rather bewildering at times. A professor of one of our best colleges spends a year investigating European schools and returns with many serious doubts as to the correctness of our American methods. A graduate of a famous eastern college writes an article for a popular weekly magazine entitled "The Cancerous Ph D", and attacks the narrowness of the requirements for this degree. Many class magazines are deploring the fact that the modern college fails to furnish its graduates with the working tools for earning a livelihood, and we have heard this fact used as the basis of convincing logic that the college should, by training us to think, be considered as the foundation for future specialization.

To those who are accustomed to getting their knowledge in a pre-digested form, it is all very confusing. They prefer an argument that can be decided by reference to some ultimate authority.

James Harvey Robinson, in his "Mind in the Making", says "Few of us take the pains to study the origin of some of our cherished convictions; instead most of our so-called reasoning consists in finding arguments for going on believing as we already do." He also writes "It will become apparent as we proceed that the fact that an idea is ancient and that it has been widely received is no argument in its favor, but should immediately suggest the necessity of carefully testing it as a probable instance of rationalization."

If the world is looking to the colleges and universities to teach us how to really think, it is time we were beginning to do some real thinking, and to do this we must first begin to think about thinking.

We do very little real creative thinking. Why? Is it the type of instruction? Or is it that as students we are immature? Or is it that we have no particular desire to learn? It would seem that if we are ever to become real students a right-about-face on this proposition of thinking is necessary. Once the student sees and believes that real learning comes only through creative thinking, once he becomes accustomed to that sort of an atmosphere, he will become a student and do some creative thinking. Thinking will become a habit with him, and eventually it will become as habitual as absorbing pre-digested information.

MACE ELECTIONS

Honorary fraternities have two purposes—they confer recognition upon those who have made enviable records as leaders, and they serve as an incentive for underclassmen who have ambitions to become more than mediocre college students. The elections to Mace, announced in this issue, bring to nine men the highest distinction that can come to a Lawrence man. Besides this, the elections should inspire every underclassman to become outstanding in all those things which make a man eligible for membership in Mace—scholarship, physical fitness, moral character, and leadership in campus activities.

Gifts—the kind that carry a thrill

Jewelers HYDE'S Optometrists

"THE STORE WITH THE SELECTION"

The Editor has just informed us that there isn't any news for this issue. Well, that's nothing startling, but it means that we'll have to write a longer Dustpan to fill up the space. Oh, well, if you can stand to read it, we can try composing it.

And another friend come forward with the suggestion that there are three types of girls:

good
petter
pest

A cub's story for the Lawrentian tells us that Schmeige is "fighting to keep his gas bill before the assembly." A fine state of affairs this is, when the state won't even pay an assemblyman's gas bill. More gas to him.

Some of the recent initiates seem to think that the "L" club initiation was almost an "ell club meeting."

Speaker on Prohibition: My friends, I ask you, who can deny that Prohibition has been a good thing for the country?

Voice: What country?

Filbert watched the dancing at the frolic Friday. Sezzee, if dancing is the poetry of motion, just see all the exponents of free verse.

This Shaw boy is rather clever. Why, his remark about the "ingenious young liar" even made the Line.

First girl at dance: What ja think of his stepping?

Second ditto (trying to be high-hat): Well, he made a favorable impression on me.

Hack Work.

The Lamplighter

GOOD old Leerie, the lamplighter, worked cheerfully to make the streets bright. And the lamps sputtered a friendly glow into the darkness.

The citizens of the country have taken Leerie's job. They are the lamplighters of today, and they spend 3½ cents of each tax dollar that their streets may be bright.

Good street lighting means more flourishing business sections, safe traffic, convenience, and protection.

Leerie, the faithful, has gone—but streets still need lighting. And in whatever communities college men and women elect to live, they should take a lively interest in civic improvements—including street lighting.

G-E products help light the world, haul its people and goods, turn the wheels of industry, and lessen labor in the home. Whether on MAZDA lamps, or on large or tiny motors, or on the multitude of other means of electrical service, you will find the G-E monogram wherever you go.

"For we are very lucky, with a lamp before the door, And Leerie stops to light it as he lights so many more."

Thetas Maintain Perfect Record In Basketball

Seven Victories Put Theta Phi At Top In Interfraternity Race

The Thetas and the Sig Eps mixed in a fast game of basketball Saturday afternoon which left the Thetas at the top of the heap in the interfraternity race. A rally in the closing minutes of the game saved the honors for the Theta Phis, when they grabbed a three point lead and won 10-7.

In the first half there was not a field goal scored by either team. Both teams playing air-tight ball. Both teams missed numerous shots at the basket, but towards the end of the half it looked as if they would break the jinx soon. The score at the end of the half was 3-2 for the Thetas.

The second half started off with Schneller dropping in a basket for the Thetas, making the score 5-2. Schagenhauf came right back with one for the Sig Eps, tossed in from mid-floor. At the start of the third quarter, the score stood at 7 all with both teams having hard luck at the basket. Pierce came through with a free throw with about a minute to play, making the score 9-7 for the Thetas. Rummel followed closely with a shot which put the game on ice for the Thetas and gave them the championship.

Beta-Phi Kap

In the first interfraternity basketball game Saturday the Betas defeated the Phi Kaps 18-7, in a fairly easy game. The Betas took the lead at the opening of the game, and were never headed. The first half ended 11-5 for the Betas. In the second half the Phi Kaps were held to a single field goal, while the Betas ran up a total of 7 points.

D.I.-Psi Chi

The D.I.'s had no difficulty in defeating the Psi Chis by the score of 27-6. The D.I.'s took the lead on Mitchell's basket the first minute of play, and kept ahead throughout the game. The half ended 15-2 in favor of the Union street boys. Soon after the second half was under way the D.I.'s put in their second team and continued to score. The Psi Chis did not score a field goal during the entire game.

Phi Tau-Delta Sig

In the last interfraternity basketball game played this year, the Phi Taus defeated the Delta Sigs 20-10 in a hard fought game. Although the winner was never in doubt, there was plenty of fight to make it an interesting game. The first half ended 9-3 for the Phi Taus. In the second half the Phi Taus dropped in enough baskets to win the game.

Sig Ep-Delta Sig

The Sig Eps and the Delta Sigs played off their postponed game Wednesday night at Alexander gym with the Sig Eps winning by the score of 15-10. It was a fast game, and belonged to either team up to the last

Marquette Awarded Tennis Tournament

At a meeting held here of the Wisconsin Intercollegiate Tennis association, which is composed of Lawrence, Ripon, Marquette and Milton, it was decided to hold the coming spring tournament at Marquette university during the month of May. The schedules of the matches between these various schools were also arranged, and Lawrence will cross rackets with every member of the association. Right now all dates are tentative, with the exception of the meet with Milton college, which will take place May 6 and 20.

Lawrence will be well fortified this year with three lettermen, Heideman, '27, Hanke, '29, Sund, '27, and a host of frosh netters that were discovered in the fall all-campus tournament.

LOST—A silver linked bracelet with blue and white sapphires, somewhere between the Chapel and Ormsby. Finder please return to Evelyn Stedman, room 21, Ormsby, and receive reward.

few minutes of play. Dreher and Schagenhauf were the big guns for the Sig Eps, with Ward doing most of the offensive work for the Delta Sigs.

"THE SCARLET LETTER"

To Pick Boxing and Wrestling Champions

Promoter "Tex Rickard" Gebhardt is fast grooming his squad of boxers and wrestlers for the championship matches which will be held in the near future. The elimination matches are now taking place among the title aspirants.

In the 115 lb. class, Bryan and Rohan will decide the championship in the gentle sport of fisticuffs, while Winslow and Rohan are the title aspirants in the wrestling.

Kneip and Ward, in the 125 lb. class, will fight for both the boxing and wrestling championship. In wrestling Ziegler is also entered in this class.

Due to the fact that light-heavyweight champion Heideman has failed to enter this year, his title will be fought for by Westberg and the winner of the Fuller-Olsen fracas. Olson won the 125 lb. event last year and this year he intends to grab a heavier class title. The wrestling honors in this weight rest between Olson and Setter.

Welterweight champion Purves will have to fight McMahon next Friday night in order to pick a man for She-manski, who has just defeated Scott.

The wrestling in this weight is between Purves and McMahon.

Six men have entered the 155 lb. class. They are Dreher, Scott, Davis, Posson, Odgers and Stross. Aderhold, the winner last year, is not in school so a new champ will be crowned. The wrestling title rests with Dreher, Lautenbach and Leader.

The best match on the fight card is said to be the battle between middleweight champion Hunter, and the light heavyweight champion Humphrey, who has trained down to the middleweight class. Nobles, who has won the wrestling title in this weight for the last three years, will wrestle with Barfell, the varsity fullback.

The heavyweight match will be a real fight. Jessup, football end, will swing punches with Kleeman, a 200 lb. whirlwind. The wrestling in this event will be between Krohn, the giant frosh football tackle, and Williamson, another two-hundred-pounder.

Frosh Wins Campus Free Throw Contest

Urban Rummel, '30, Menasha, won the annual intramural foul throwing contest in which nearly fifty contestants were entered. Rummel, a "dead-shot" on the frosh basketball team, tossed the ball through the iron hoop twenty-two out of twenty-five chances. This is a record in this event at Lawrence.

James Hill, '29, placed second with nineteen ringers out of the twenty-five tries. He was closely followed by the last year's champion, Dave Johnson, who made eighteen goals. It is interesting to note that each year a frosh has won this championship.

SOCIETY

Mu Phi Studio Party

A typical artist's studio setting, with palettes and bright colored smocks, featured the Mu Phi Epsilon informal held at the Menasha Grill Saturday evening. Fifty couples danced to the music of Manser's Artist Orchestra, several novelty dances adding special entertainment.

The chaperones for the affair were Professor and Mrs. Carl Waterman, Professor and Mrs. Percy Fullinwider, and the guests of honor were Professor and Mrs. Carl McKee and Professor and Mrs. Cyrus Daniel.

Alumnae Give Reception

The Xi Xi alumnae chapter of Sigma Alpha Iota gave a reception in honor of Miss Margaret Engler, '22, at the Candle Glow tea room, Friday night. Miss Engler, a graduate of the Lawrence Conservatory and a former member of the conservatory faculty, is the accompanist of Mr. Harry Farberman, violinist, who was featured in the Artist Series, Friday.

Greek Initiations and Pledgings

Sigma Phi Epsilon announces the initiation last night of Reynolds Challoner, '28, and Karl Packard, '29, both of Appleton; Robert Leonardson, '29, of Marinette; Oscar Fredrikson, '30, of Rockford, Illinois.

Delta Sigma Tau held initiation services Thursday night for Milton Leadholm and Francis Proctor, both '29, and of Eau Claire.

Beta Sigma Phi announces the pledging of John Keating, '30, Neenah, on Wednesday.

Zeta Tau Alpha announces the initiation of Alice Norcross, '30, of Brimfield, Massachusetts, on Tuesday, March 1.

Ramona Fox, '28, Three Oaks, Michigan, and Sophie Eckstein, '30, Winneconne, were pledged to Beta Phi Alpha on Tuesday, March 1.

Alpha Delta Pi announces the pledging of Marian Hanson, '28, Caspian, Michigan, on Friday.

Phi Kappa Alpha announces the initiation of Francis Bloomer, '28, and Robert Wolf, '30, of Appleton; and Arthur Lean, '30, Houghton, Michigan, on Sunday, March 6.

Approve Lawrence Business Courses

That the Department of Business Administration at Lawrence is offering just such a course as business firms would like college graduates who are entering business to have, is the conclusion reached by the department after a survey made the past few weeks.

In an effort to determine just what kind of a college education business men thought a college graduate who intended to enter business should have, Dr. Waldo F. Mitchell recently sent out questionnaires to business firms throughout the Middle West. The returns show that there is a preponderance of opinion that college graduates have, among other courses, a large amount of those offered by the Business Administration Department here at Lawrence.

The courses checked in order of preference are sales administration, accounting, business administration (a new, general course to be offered here for the first time next year), advertising, cost accounting, marketing, financial investment, statistics and forecasting, and transportation.

ority at a bridge-lunch in the sorority rooms on College avenue, Saturday afternoon.

Entertains Girls' Debate Teams

After the Lawrence-Monmouth girls' debate here last Thursday night, the two teams and their coaches were entertained at the home of Mary Ellen Bond, '28, 509 N. Morrison street.

Delta Iota Entertains Guest

Delta Iota entertained Mr. E. L. Ford, '05, at dinner Wednesday. Mr. Ford, a charter member of the fraternity, recently returned from China.

CLUBS

Chemistry Club Trip

Thirty-five members of the chemistry club were conducted through the Riverside Pulp and Paper company plant Friday afternoon at 3:30 o'clock. The processes of pulp and paper making and the functions of the various machines were explained to the students.

Oxford Club Service

Harry Snyder, '27, delivered the sermon at the Oxford club service Sunday evening at the St. Paul's Methodist Church at Green Bay. Arthur Lein, '30, played a group of organ selections, and Norman Knutzen, '28, sang several solos. Randall Penhale, '28, took charge of the Epworth League meeting previous to the evening service.

Fireside Fellowship Meeting

Ross Cannon, '30, led the devotional meeting of the Fireside Fellowship group Sunday evening. The topic was "Adventurous Religion," and his discussion was based upon a recent essay by Dr. Fosdick, prominent modern philosopher and author.

A social hour was held before the services, and supper was served.

The Brokaw hall dinner-dance which was scheduled for March 12 has been postponed until after the Lenten season.

Lawrence Graduate Accompanies Artist

Miss Margaret Engler, who accompanied Harry Farberman in the recital at the chapel last Friday evening, is one of the Lawrence conservatory graduates who has attained considerable musical reputation.

Miss Engler graduated in 1922. Following her graduation, she became a member of the conservatory faculty as assistant to Professor Arens. She served at various times as organist in several Appleton churches and in the Neenah Methodist church. After spending a year at the conservatory, Miss Engler left for Chicago, where she became a professional accompanist. This is her second season with Mr. Farberman. In their recent tour, they have given concerts in twelve states. Following their engagements in this section, they will return to the east, where they will play in Boston and other eastern cities.

The concert Friday night was acclaimed one of the most successful of the entire series.

Miss Lorenz Will Speak To "Y"

"What does, what knows, what is—three souls, one man," by Browning, will be one of the ideas featured in the speech of Miss Charlotte Lorenz at the Y.W.C.A. meeting on Thursday evening. Having a purposeful and happy life despite all the conflicting tendencies of this day will be her central theme.

All Good Things Come in Threes

Fashion was evidently of this mind when she designed the new Spring Apparel, for in many of the most stunning creations she offers either three distinct colors used in combination or blendings of three different tones of the same hue. The former tripe entente she happily calls *Compose* and the latter *Degrade*.

Here You Will Find
Compose and *Degrade* Themes
Subtly Worked Out

Sweaters take their colors in horizontal stripings and so frequently do the coats. The dresses, however, exploit three colors, and three tones in tiers, flounces and less obvious ways. To appreciate the effectiveness of this new fashion whim you must see the new modes. Why not look them over tomorrow?

Smart Frocks of Flat Crepe
\$19.50

You will be assured of spring correctness if you choose one of the two-piece dresses or a simulated two-piece style. They are particularly pretty in flat crepe, sometimes with a bit of metal embroidery and nearly always showing the chic pleated skirt.

New Coats of Imported Fabrics
Lined or Faced With Kasha
Fashionably Fur Trimmed
\$59.50 to \$115
